

JACARANDA

INDIAN

OVERVIEW

Ensnconced amongst swaying palms, gardens filled with riotous blooms and fronted by the ever shifting colours of the Indian Ocean the Jacaranda Indian Ocean Beach Resort first opened her doors in 1992. Steeped in history, the twenty two acre resort sits next to what was once the site of the 16th century Kongo Mosque and is architecturally styled to echo the rich Arab history, reminiscent of this is the chandelier in the main reception, gifted by Britain to the Sultans of Zanzibar for landing rights.
